Dear Dr. McAllister:

Our office is interested in obtaining any information concerning your research programs and your funding interests for the 1992-1993 year. We are particularly interested in receiving the specific guidelines for the following program(s):

Research Grants

If you would send any special application forms and instructions that are needed for applying for these grants it would be appreciated. If available, we would like to receive a copy of your latest annual report. Please forward to the following address:

Ms. Karen Ferrill
